PROFESSIONAL EXPERIENCE

Senior UI Developer & WordPress Developer

Aug 2021 – Present

Business Thrust Techsoft Pvt Ltd, Noida, India

- Develop and maintain WordPress websites end-to-end, including custom page building, theme customization, and plugin integration to meet client specifications and business requirements.
- Build responsive, mobile-first website layouts using Elementor and WPBakery page builders, ensuring consistent performance across devices and browsers.
- Diagnose and resolve website bugs, performance issues, and compatibility errors, reducing downtime and improving overall user experience.
- Execute website migrations, backups, and restores to safeguard data integrity and ensure seamless platform transitions.

- Collaborate directly with clients and internal teams to gather requirements and deliver visually engaging, fully functional websites on schedule.
- Leverage AI-powered tools such as Google Antigravity IDE, Claude AI, and ChatGPT to develop WordPress themes and custom pages faster, generate HTML/CSS/PHP code, build ACF (Advanced Custom Fields) flexible content layouts and Gutenberg blocks, automate plugin installation, configuration & troubleshooting, and produce SEO-friendly content, improving turnaround time and development efficiency.

Web Designer

Feb 2019 – Aug 2021

Isols Group Pvt Ltd, Gurgaon, India

- Designed and maintained responsive client websites, ensuring consistent branding and layout integrity across multiple devices and browsers.
- Performed routine website updates, content revisions, and bug fixes to sustain optimal site performance and functionality.
- Conducted cross-platform and cross-browser testing to identify and resolve compatibility issues prior to deployment.
- Partnered with clients to translate design requirements into functional, user-friendly website features.

Web Designer

Sep 2018 – Feb 2019

Virasat Solutions, Gurgaon, India

- Supported website design and layout development for client projects, contributing to front-end coding tasks.
- Assisted senior designers in implementing responsive design elements and HTML/CSS customizations.
- Built foundational experience in website structure, content layout, and design workflows.

KEY PROJECTS

WordPress Website Development

Developed and maintained multiple WordPress websites end-to-end, handling custom page creation, theme installation & customization, plugin integration, responsive design, content management, website migration, and ongoing troubleshooting to ensure fast, secure, and SEO-friendly performance.
